

AANANTHA RAMAN R

Full Stack Developer

+91 8072171492 | aanantharaman2005@gmail.com | Thiruppuvanam, Sivagangai, Tamil Nadu – 630 611

PROFESSIONAL SUMMARY

Motivated and dedicated Computer Science graduate currently pursuing a Master of Computer Applications (MCA). Experienced in full stack web development with hands-on project experience in designing and building secure web applications. Proficient in JavaScript, React JS, PHP, Python, MySQL, and MongoDB. Strong problem-solving ability with a passion for learning new technologies and delivering reliable software solutions.

TECHNICAL SKILLS

Programming Languages: C, C++, Python, JavaScript

Web Technologies: HTML5, CSS3, React JS, PHP

Databases: MySQL, MongoDB

Tools & Software: VS Code, Adobe Photoshop, Git

Soft Skills: Quick Learner, Critical Thinking, Problem Solving, Communication, Team Collaboration

PROJECTS

Online Voting System | *Academic Project*

Technologies: PHP, HTML, CSS, MySQL

- Developed a web-based secure voting platform supporting user authentication, access control, and role-based permissions for voters and administrators.
- Implemented candidate listing, vote casting, and automated result declaration with a one-person-one-vote enforcement mechanism.
- Built an admin dashboard for managing voter registration, candidate profiles, and overall election workflow.
- Ensured data integrity and system reliability through structured MySQL database design and server-side validation.

EDUCATION

Master of Computer Applications (MCA)

Madurai Kamarajar University

2025 – Present
Madurai, Tamil Nadu

Bachelor of Science in Computer Science (B.Sc CS)

The American College

2022 – 2025
Madurai, Tamil Nadu

Higher Secondary Certificate (HSC – Class 12)

Kamarajar Matric Hr Sec School

2021 – 2022
Sivagangai, Tamil Nadu

Secondary School Leaving Certificate (SSLC – Class 10)

Kamarajar Matric Hr Sec School

2019 – 2020
Sivagangai, Tamil Nadu

KEY COMPETENCIES

- Strong foundation in data structures, algorithms, and object-oriented programming.
- Experience building full stack web applications from front-end UI to back-end database integration.
- Ability to work independently and collaboratively in a fast-paced team environment.
- Adaptable to new tools, frameworks, and technologies with a growth-oriented mindset.
